

PECUNIA

PECUNIA Expert Meeting

Tuesday, November 5, 2019, 12:00 – 13:30
CABINN Apartments, Meeting room Odense
Arne Jacobsens Allé 4, 2300 Copenhagen, Denmark

Programme (includes lunch)	
12:00	Welcome and introduction
12:15	Interactive discussion on the PECUNIA resource-use measurement instrument
13:15	Wrap-up
13:30	<i>End of expert meeting</i>

The expert meeting will focus on resolving methodological challenges faced during the development of the PECUNIA resource-use measurement instrument. **Health economists with interest and relevant expertise** are invited to join this **expert meeting**. Lunch will be provided.

Please register [via the link](#) or send an email to luca.janssen@maastrichtuniversity.nl.

The H2020 project PECUNIA is a collaborative effort to develop standardised multi-sectoral costing and outcome assessment methods and tools for health economic evaluations that are harmonized across different countries and economic sectors.

PECUNIA has received Funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement No. 779292.
